I want to be the one that's always on your mind
I want to be the one you think of all the time
I want to be the one to put a smile on your face
I want to be the one that gets you through your
roughest days
I want to be the one who can make you cry
I want to be the one for whom you would die
I want to be the one who's always by your side
I want to be the one at least I know I tried
I want to be the one who is beautiful like you

What's inside me doesn't meant a thing, you know it's
true
and because of this, I don't deserve you
What I've seen, where I've been, I'm so much less than
you

I want to be the one that makes you rush home
I want to be the one you wait for by the phone
I want to be the one who is the brunt of your jokes
I want to be the one you're looking to provoke
I want to be the one you treat like dirt
I want to be the one "I'm here for you to hurt"
I want to be the one to never say good-bye
I want to be the one at least I know I tried

I want to be the one who is beautiful like you

What's inside me doesn't meant a thing, you know it's
true
and because of this, I don't deserve you
What I've seen, where I've been, I'm so much less than
you

I want to be the one who's always by your side
I want to be the one at least I know I tried
I want to be the one to never say good-bye
I want to be the one at least I know I tried

I'll be the one with blinders on my eyes
Blinded by feelings that take my clear sight
I'll be the one with blinders on my eyes

I could have been the one, but now those feelings
died
