Shadows, shadows dancing  
Shadows, shadows dancing  
again and again, and again and again

Shadows dancing in the moonlight  
Shadows dancing in the dark  
Memories, dancing for meâ€¦..

Shadows, shadows dancing  
Shadows, shadows dancing  
again and again, and again and again

Come to me, come to me, feel my passion

Come fulfill my fantasy,  
Come and be my phantom lover,  
Be my man of mystery.  
Never ever thought how much I'd want you  
Never ever thought I'd be ready to scream  
Will I ever feel your body near me?  
Only in a never-ending dream,  
In a never-endingâ€¦â€¦.

Shadows dancing in the moonlight  
Shadows dancing in the dark  
Memories, dancing for meâ€¦..

Shadows
