Paul:

woman,
such a delicate creature
every feature
needs to be loved from the start

be tender
and she'll surrender
offend her
and she will harden her heart

Ryan:

a delicate creature is something she ain't
better take it from me, that's a woman
that isn't an anger, that isn't a saint
better take it from me, that's a woman
she knows how to please and she knows how to play
take it from me, that's a woman
forget to honor and, love and obey
she'll take you and break you
and throw you away,
that's a woman, that's a woman

she know every move and she knows every trick
take it from me, that's a woman
how to kill with a word and to cut to the quick
take it from me, that's a woman
how to look through you as if you're not there
take it from me, that's a woman

how to say no with a flick of her hair,
she'll turn you and burn you and not even care.
thats a woman, that's a woman

Paul:

faithful and true, that's a woman
trusting in you, that's a woman
gentle and constantly caring
strong as the love she is sharing
when you look in the eyes of woman

Ryan:

look in her eyes you'll see nothing but lies
shes a woman

Paul:
and through the disguise of a woman

Ryan:
every one is the same, shes just playing a game
shes a woman

Paul:
you'll see it all there
there's romance in the air

both:
nothing else can compare
that's a woman

Paul:
woman so soft and beguiling
see her smiling
and feel your heart all aglow
enfold her
lay her head on you shoulder
and hold her
till you just can't let her go

Ryan:
treat her as if you just don't give a damn
that's how to handle a woman
be more of stallion
less of a lamb
that's how to handle a woman
keep her hanging around till shes ready to burst
don't try to be bad be the worst
do unto others but just do it first
to a woman to a woman
be wise be wary and be on your guard
that's how to handle a woman
if you feel that your falling you'd better be hard
cause that's how to handle a woman
don't let her get closer and don't let her in

that's how to handle a woman
cause if you allow her get under you skin
my friend that's the end cause you ain't gonna win
with a woman, with a woman
cause if you allow her get under your skin
my friend that's the end cause you ain't gonna win with
a woman, with a woman

Ryan:
look at her body and look at her move
now that's what i call a woman

I'm thinking now i got something to prove
cause that's what i call a woman

all my moves are stalling here
i can't get through to this woman
the pipes the pipes are calling here
i think i could be falling here
for this woman, what a woman

Paul:
faithful and true, that's a woman

Ryan:
she couldn't be true, shes just playing with you,
what a woman

Paul:
trusting in you, that's a woman

Ryan:
trusting in who? you just haven't a clue
what a woman

Paul:
gentle and constantly caring

Ryan:
just let it be this one's for me
what a woman

Paul:
strong as the love she is sharing

both:
when you look in the eyes of a woman
and through the disguise of a woman
you'll see it all there
there's romance in the air
nothing else can compare
that a woman

Ryan:
who would have thought I'd ever get caught

both:
what a woman
