I have loved, and I have lived  
And I have had my wild romances  
I've taken all that life can give  
And taken my fair share of chances

It's been a good life  
Far from the high life  
And I thank God that this is my life

I've known just how it is to win  
And I have felt the pain of losing  
Some paths I chose would end in tears  
But they were all of my own choosing

It's been a good life  
Far from the high life  
And I thank God that this is my life

I've known contentment  
In a woman's arms  
And felt the warmth of her devotion  
And I've known heartache  
And a dark despair  
That was as deep as any ocean

But, we get the strength to carry on

And build a life of our own making  
We thank the Lord for each new day  
And for every breath that we are taking

It's a good life  
Far from the high life  
And I thank God that this was my life

I've known contentment  
In a woman's arms  
And felt the warmth of her devotion  
And I've known heartache  
And a dark despair  
That was as deep as any ocean

And looking back on all the years  
The loves, the sweetness, and the sorrow  
Have made me what I am today  
And I'd do it all again tomorrow

It's been a good life  
Far from the high life  
And I thank God that this was my life

We can't deny life  
How it flies by, life  
And I thank God that this was my life
