Bullshit, y'all just drop It's the end of your career It's

the coroners I'ma the Alpha, the Omega A rapper's
rapper, no one's greater I'm amazin', I'ma nations, I'ma
planets Its evasion, the redeemer The Creator, I'm the
healer, the life taker People will be happy someone
stood up to y'all And I will not lose till I devour you all
I'm amazin', the on ragin' Prepared for war, kick down
the door, that's what I'm wagin' Look what you're facin'

niggas in staircases Or in front of computers in
basements The replacements is here Here's a head for
the souvenir The rulers can cheer Shut the fuck up, get
out the way, move to the rear Peace to niggas on
blocks, the corners behind bars Fuck these rap stars if
they don't address me as God Make 'em see a God,
fuck ya tight jean flow Y'all might seen doe, but y'all
drag-queen hoes I might step on ya pedicured toes My
