[Killah Priest] Afternoon cartoons - Gatsu come Part
chew gum, hard screwed slums Killah's are familiar,
the cost-stealers Shark niggas in dark oceans of
omens Cold wind's blowin' - 'Fuck the World' is the
slogan ShoGuns give a fuck for no one Even hot
weather, shot and pop together Gangster teardrops,
life endeavors Mexican Cartel of shock tales Spark L's
of smoke spells La Familia, we drink hard liquor Takin'
shots at the killah Weed grows out of Solomon's grave I
place hollows in gauge The night swallows the day
Police ride around wit the old Chiefs Circlin' the block,
no curfew Crime don't stop, nine's go pop We close
shop (Hook) Tryna take my spot ---It's Killah Man--- Try
to live what we been thru ---It's Killah Man--- Try to stand
where I stood ---It's Killah Man--- Y'all fake but neva
understand ---It's Killah Man--- [Killah Priest] Rappers I
frightened 'em, fightin' 'em like Tyson Incitin', writin'
wit the mic enlighten them No hype in sight, enticin'
them Take a vicodin like a Viking helmet wit two long
horns Try to hold me but I'm hot and too damn strong
Meltin' them, King Kong held the gun Take the planets,
play ping-pong against my shadow Throw God's armor
on, who wanna battle? Clash of the swords Talk like a
Lord then die like a Lord Live today, die foreva, pots
rye from pressure Hot spray eyes wit peppers Acetic
niggas neva learn This is alkaline rhyme wit calcium
line Neutralize mineral high, newest calories Shoot
from balconies, read the world is mine Tuxedos, duck
from eagle, buss at you and your peoples Cuss when I
discuss how I'm gon' to defeat you No sequel, just the
end, the credits, the documentary Be at the club and
you're in the care of the medics
