[killah priest]

In hip-hop I'm a pro-fessional  
No questions asked, better check my jewels  
From 98 to 2g's, I rule  
Killah priest the professional..

I build lyrics like a monument  
Most dominant, I drop bombs with common sense  
The inipatant scientist, a perfectionist  
A lyrical specialist..  
Most affectionate, most merciful  
Towards a fool, a thirst for jewels, you know the rules  
Migrates, beats efficient, holy as a baby krishnan  
Pure as the river ?  
Once the words are spoken, heavens open  
Blow the smoke off the graphics  
Rub the tablet, kissed the earth, I inhabit  
'cause the bastards, that been grafted  
Through his maggots  
I rocked the lord's silk fabrics  
I rest on the holy sabbath  
I have a warrant, for all devils laying dormant  
I arrive to cause torment, dark heavens, begins  
forming  
Start brain-storming, invite you in my office  
My face begin to metamorphous, I go from gorgeous  
Into a fucking tyrannosaurus, scenery is now  
prehistoric  
I'm kicking deadly rhymes with no chorus  
Lyrics hovers like flying saucers  
Niggas turning to alcoholics, staring up into orbit  
Showing all teeth like a walrus, began running through  
the forest  
Lyrics coming with deadly forces..

From 98 to 2g's, I rule  
Killah priest the professional..

The greatest lyricist known to man, or mankind  
Stage host or landmine, come and heal before this ?  
Drop a freestyle until I'm old and se-nile  
Killings have a brother in the p now, I'm a murderer  
To a lyrical burglar, I hit um' in the jugular  
I snuff ya, handcuff ya, then I smother ya  
I battle rappers by the billions  
I battle old folks and small children  
Soldiers and civilians, I take on states and countries  
I stay hungry, a predator, I bring it to ya on the regular  
I give you static like a cellular with dead batteries  
Fuck up ya head like a cavity..

[outro to heavy mental, movie sample begins]  
I have written this for you my son, wherever you are  
And for your children, and your children's children  
It's a poor legacy, but it's all I have..
