Homicide mind with voices inside.
Yet not one of them my own. fuck.

Homicide mind with voices inside.
Zero tolerance preached to the world.

Detected, selected and shot.
Their commands to kill will be heeded at will.
Detected, selected and shot.
Their commands to kill will be heeded at will.

Homicide mind with voices inside.
Black mask of strength, the bringer of death.

Homicide mind with voices inside.
Newly deceased for the hell down below.

Detected, selected and shot.
Their commands to kill will be heeded at will.
