Can't live your wicked lie  
Can't differ right from wrong  
I'm living the norm, I despise the norm

Nihilist and proud  
I hate this world  
Fuck you all  
Nihilist and proud  
Nihilist and proud  
I hate this world  
Fuck you all  
Nihilist and proud

Can't live your wicked lie  
Can't differ right from wrong  
I'm living the norm, I despise the norm

Stark, bleak, wasted, arrogant  
Human life, waste of time  
I'm living the norm, I despise the norm

Nihilist and proud  
I hate this world  
Fuck you all  
Nihilist and proud  
Nihilist and proud  
I hate this world  
Fuck you all  
Nihilist and proud

Nihilist and proud  
I hate this world  
Fuck you all  
Nihilist and proud  
Nihilist and proud  
I hate this world  
Fuck you all  
Nihilist and proud
