

## Killarmy "Seems It Never Fails"

Visit "[Seems It Never Fails](#)" on MotoLyrics.com

[chorus]

It seems it never fail (x3)

That the devils got niggaz domes locked in hell

So return to the darkside

Snakes are the niggaz that stares you in the eyes

Death is a penalty when you die

[islord]

Blood seaks out ya right eye

The war against the brain

The mad pain will be felt

Watch da sun the rain expert through his own work

Islord choppin' his way up to billboard

The top notch I got mc's gatherin' sold their life

Similiar to fort knox

Lyrical shots and shot rap and fire style

Killarmy profilin' mostly buck whilin'

At the click put it to ten max

To the up most niggaz is ghost's

On the first lyrical dose

That'll wreck ya brain like uncooked cocaine

Str-8 from the crates of the cocoa click

Niggaz chant killarmy from bronx don juan

[chorus]

It seems it never fail (x3)

That the devils got niggaz domes locked in hell

So return to the darkside

Snakes are the niggaz that stares you in the eyes

Death is a penalty when you die

[9th prince]

Let me survive after the fully moon

Facin' changed said

Lettin' oracles of oracle man

Solid liquid and gas

I became an ill fad and cryin' of shame

And heal the pain of less of my name

And taggin' on the wall

Bited and blood stains

'til the whole world can see

The reality of a madess conspiracy  
Dark heavens slangin' in chemical smoke  
And hold ya breath or death  
If not ya choke and  
Speak that what preachers will say  
I gash him to pieces when he comes my way  
Blood is worsen to the storm  
And the singers I jacked  
Who are going to die perhaps  
I sang watchin' men through the valleys again  
Then I spin into a circle of wind  
Which is a tornado or I'm dangerous  
Like david caress of waco  
To wake up the ammo  
Killarmy dipped in green like deniro

[chorus]

It seems it never fail (x3)  
That the devils got niggaz domes locked in hell  
So return to the darkside  
Snakes are the niggaz that stares you in the eyes  
Death is a penalty when you die
