There's nothing I can tell you
Cause everythings a secret
And all you really need right now
Is some unconditional love
There's nothing I can show you
Cause lifes the only teacher
And all you really need right now
Is some unconditional love
Im not responsible
For someones misbehaviour
And all you really need right now
Is some unconditional love
I am not superhuman
I wont live forever
And all you really need right now
Is some unconditional love
Can you see freedom from behind the wall?
Can you see me from where you are?
So stop confusing me
I am nobodys savior
All you really need right now
Is some unconditional love
What does it take from you
To stop asking for favors?
When all you really need right now
Is some unconditional love
This is your kingdom
This is your war
And I go random
Im the ambassador
You need love
You need unconditional love
