Now picture a dilemma, who would figure a nigga...
Would configure a vivid iamge of such an enigma,
Shivering and quivering, and Developing and mentally
evolving...
Problems are being solved in content,
So follow the monologue, and post your consent,
Get into the mind frame, maintain the strain...
Struggle, hassle, tussle, take the road that I came
Avoid mixing veins, drugs and brains,
This is affecting how your effected by the everyday
essence...
Don't neglect this, 'cause now all your doubts are
corrected,
'cause this verse is hypnotizing, more they likely your
realizing...
My style is so prolific and death defying, my souls
crying...
I'm harmonizing with the pain, and Hell is dividing...
And I'm Wasting my time in forums where Satanist
reside in,
My flow is Brick stiff, Not fregit, you can't fix it,
I spit multiple mulites continuous like numerical digits,
All your war songs, I done lived it, Don't forget this,
when times are strict,
And your out of words 'cause I've already murdered
the alphabet,
And your helpless, wondering, hoping that you can
counterfeit..
'cause your rhymeless, wordless, as if you were trying
to be a Wordsmith,
I proclaim my self to own the verbal and text style, I'm
immaculate,
Creative when I flip and digest some words and
adjectives,
Shit on you like a had drank a bottle of laxatives, I'm
actively a Atheist.

Should I have went on.....
