{ Naughty naughty  
Naughty naughty }  
Don't lie to me  
You're high on something  
And we ain't friends  
So let's not pretend  
And go ahead  
And bleed for them  
You got a pretty face  
And you're so intense  
A rebel without a cause  
You're so pass  
{ naughty naughty }  
A devil without the horns  
And the tail  
{ naughty naughty }  
A rebel without a cause  
Oh you're so lame  
{ naughty naughty }  
A rebel without a cause  
Naughty boy  
{ naughty naughty }  
You used to live  
Just like a king  
Red carpet was  
But it was yesterday  
It was yesterday  
You're name  
In hall of fame  
And you would dare  
Just cause you didn't care  
A rebel without a cause  
You're so pass  
{ naughty naughty }  
A devil without the horns  
And the tail  
{ naughty naughty }  
A rebel without a cause  
Oh you're so lame  
{ naughty naughty }  
A rebel without a cause

Naughty boy  
{ naughty naughty }  
A devil without the horns  
And a rebel without a cause  
Oh you're so lame  
A devil without the horns  
Oh you're so  
A rebel without the cause  
Oh you're so lame  
A rebel without a cause  
You're so pass  
{ naughty naughty }  
A devil without the horns  
And the tail  
{ naughty naughty }  
A rebel without a cause  
Oh you're so lame  
{ naughty naughty }  
A rebel without a cause  
Naughty boy  
{ naughty naughty }  
A rebel without a cause x3  
Naughty boy  
{ naughty naughty }
