Oh-oh-oh-oh, oh-oh-oh-oh-oh

It started with a low light  
Next thing I knew, they ripped me from my bed  
And then they took my blood type  
It left a strange impression in my head

You know that I was hoping  
That I could leave this star-crossed world behind  
But when they cut me open  
I guess I changed my mind

And you know I might have just flown too far  
From the floor this time, cuz' they're calling me by my  
name  
And they're zippin' white light beams  
Disregarding Bombs and satellites

And that was the turning point  
That was one lonely night

The STORM maker says "it ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says "everybody look down  
It's all in your mind"

But now I'm back at home and  
I'm looking forward to this life I live  
You know it's gonna haunt me  
So hesitation to this life I give

You think you might cross over  
You're caught between the devil and the deep blue sea  
You better look it over  
Before you make that leap

And you know I'm fine  
But I hear those voices at night sometimes  
They justify my claim  
And the public don't dwell on my transmission  
Cuz' it wasn't televised

But it was a turning point, oh what a lonely night

The STORM maker says "it ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says "everybody look down  
It's all in your mind"

My global position systems are vocally addressed  
They say the Nile used to run from east to west  
They say the Nile used to run  
From east to west

I'm fine, but I hear those voices at night sometimes

The STORM maker says "it ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says "everybody look down  
It's all in your mind"

It's all in your mind

It's all in my mind

Oh-oh-oh-oh, oh-oh-oh-oh-oh
