Let wind blow
Let fire burn
Let sea rise to great sky
Let sun warm
Let moon cool
For all the earth to breathe

Let sun speak
Let hearts break
Let Tears fall in heartache
Let war take
Let love heal for all on earth to breath

Daylight long for a shadows cold
Let truth stand tall for love, soft cold

Let wind blow
Let fire burn
Let sea rise to great sky
Let sun warm
Let moon cool
For all the earth to breathe

Daylight long for a shadows cold
Let truth stand tall for love, soft cold, for all

Let star shine
Let souls fly
Let dawn break before us
Let day grow
Let night fall
For all the earth to
For all on earth on earth to breath

Let wind blow
Let fire burn
Let sea rise to great sky
Let sun warm
Let moon cool
For all the earth to breathe
