When everyone was asleep  
The giant was waking up again  
Three hours to dawn

Everybody's screaming  
Trying to stand but surely you can't  
Time to beg for your life

Don't you feel the power, it is devastating?  
Thousands will be buried alive today  
Don't you hear the sound of the ruthless slowly fading?  
Crying won't change your undisputed fate

It is the earthquake  
It is the earthquake  
It is the earthquake

Anger grows inside us  
Turns to storm of hatred within  
We want you to groan

Buildings have filled graveyards  
Was it worth forty-thousand lives?  
You are going to be damned

Don't you feel the anger of victims wrathfully growing?  
The chain of greed, they have always lied  
Don't you hear the cries of the innocents fairly rising?  
Who is to be hated, who deserves to be damned?

It's not the earthquake  
It's not the earthquake  
It's not the earthquake
