"The Sky and the Dawn and the Sun"

High is the moon tonight
Hiding its guiding light
High

Heaven and earth do sleep
Still in the dark so deep
I will the darkness sweep

I will the moon to flight
I will the heavens bright
I will the earth delight

Open your eyes with me
See paradise with me
Awake and arise with me

I am the dawn, I'm the new day begun
I bring you the morning, I bring you the sun

I hold back the night and I open the skies
I give light to the world, I give sight to your eyes

From the first of all time, until time is undone
Forever and ever and ever and ever
And I am the dawn and the sky and the sun
I am one with the One, and I am the dawn

I am the sky and the dawn and the sun
I am the sky and the new day begun
I am the sky and the dawn and the sun
