"The Voice of Home"

Visit "[The Voice of Home](#)" on MotoLyrics.com

Our land rings out
Rings out with song
The songs of old
We sing together
But who can tell
Where we will be
In days to come
Is this forever

Let the song carry on
Let the dream come true some day
And we will sail where seabirds fly
Sing and dance with me another while

And if we leave
This western shore
From far away
We'll hear the singing
The sounds we hear
They fill the air
They are the voice
Of our belonging

Let the song carry on
Let the dream come true some day
And we will sail where seabirds fly
Sing and dance with me another while

Let the song carry on
Let the dream come true some day
And we will sail where seabirds fly
Sing and dance with me another while
