Baby girl  
I never meant to hurt you  
Dry your eyes  
It's killing me to see you turn blue

You were young  
Unaware of all the consequences  
We're heading for a long time apart  
I can feel it in my bones

Well, I can feel it in my bones  
We're heading for a long time apart  
You and I  
I can feel it in my bones

Well, I can feel it in my bones  
We're heading for some long lonely nights  
You and I  
Well, I can feel it in my bones

I can feel it in my...

Baby girl  
I really tried to warn you  
Might get messy  
If our secrets come out in plain view

But you didn't have to lie  
Sometimes it makes me wanna cry  
We're heading for a long time apart

I can feel it in my bones

Well, I can feel it in my bones  
We're heading for a long time apart  
You and I  
I can feel it in my bones

Well, I can feel it in my bones  
We're heading for some long lonely nights  
You and  
Well, I can feel it in my bones

You were a bright light  
To guide my way at night  
You'll leave me all alone  
Can't you feel it in your bones

Now everybody knows  
The odds were stacked against us both  
No time to take it slow  
Sometimes that's how it goes

Can't you feel it in your bones  
Can't you feel it in your bones  
Can't you feel it in your bones  
Can't you feel it in your bones
