You made time for me
I had time to spend
You made me believe
We're more than just friends

You played with my heart
You tore it apart
Should of known from the start
You'd tear it apart

Did you feel it too?
The way that it felt
When this was brand new
When it wasn't hell

If I could have changed
If I could have grown
Would things be the same?
We'll never know

I hate that
I love you
Can't help it
I just do
I hate that
I love you

If I were like you
And you were like me
We'd always be cool
We'd always agree

That's not how it is
That's not how it was
Like a couple of kids

It's always a bust

I know that it seems
That only in dreams
Can we get along
I know that that's wrong

But there's hope for us
So I'm holding on
Until that hope comes
I'll be singing this song

I hate that
I love you
Can't help it
I just do
I hate that
I love you

Is this what you wanted?
Another heart break?
Another heart ache
I won't sleep a wink
Until we're through

I hate that
I love you
Can't help it
I just do
I hate that
I love you

I swear that
I'll try to
Be more than
A short fuse
And I'll change
And I'll grow
