Help me out, I need it  
I don't feel like loving you no more  
I don't feel like loving you no more

Help me out, I need it  
I don't feel like touching her no more  
Help me out, I need it  
I don't feel like fucking her no more  
Well how did it happen  
I spent two long years in a strange strange land  
Well how did it happen  
I'd do anything just to be your man

*[Chorus:]*

You're not going anywhere without me  
These trials don't prepare the air of love  
You're not telling anyone about me  
And you shake and you bleed while I sing my song

I don't feel like, I don't feel like  
I don't feel like loving you  
I don't feel like, I don't feel like  
I don't feel like loving you

All the different places  
Ringing out like a shotgun in my head  
All the pretty faces  
Ringing out well I just can't go to bed

Well how did it happen  
I spent two long years in a strange strange land  
Well how did it happen  
I'd do anything just to be your man  
I'd do anything just to be your man

*[Chorus:]*

You're not going anywhere without me  
These trials don't prepare the air of love  
You're not telling anyone about me  
And you shake and you bleed while I sing my song

I don't feel like touching you

I don't feel like touching you  
I don't feel like touching you  
I don't feel like touching you  
You can't tell anyone about me

*[Chorus:]*

You're not going anywhere without me  
Help me out I need it  
You can't tell anyone about me  
Help me out I need it

I don't feel like, I don't feel like  
I don't feel like loving you  
I don't feel like, I don't feel like  
I don't feel like loving you
