Daddy's Eyes

I'll tell you what you wanna know  
But boy you better listen close  
People gonna tell you lies  
Don't let it come as a surprise  
That woman's on my back again  
I know she's got the best intentions  
But you began to realize  
You know got your daddy's eyes

And there's something I wanna say  
I love her too  
And all of this has got nothing to do with you  
And I'd like to stay but I can't because  
I've been fooling around  
And I know that you called because  
you never even knew that it was hurting me  
When you put it on the other hand  
When you're old enough to understand  
That glove will bring it all to life  
I didn't say that made it right

Cause that woman's on my back again  
I know she's got the best intentions  
When you begin to realize  
You know got your daddy's eyes

And there's something I wanted to say  
I love her too  
And all of this has got nothing to do with you

And I'd like to stay but I can't  
Because I've been fooling around  
And I know that you called  
Cause you never even knew that it was hurting me

And I'd like to stay but I can't  
because I've been fooling around  
And I know that you called  
Because you never even knew that it was hurting me

Sometimes people get tired  
And I woke up a little too late to lie  
Dreams should last a long time  
This is not what I'd call goodbye

And I'd love to stay but I can't  
because I've been fooling around  
And I know that you called  
because you never even knew that it was hurting me

And I'd love to stay but I can't  
Because I've been fooling around  
And I know that you called  
Because you never even knew that it was hurting me  
Me

I love her too
