"Morning"

I'm shooting through the stars tonight
Can't you see me I'm a flash of light
Don't know where I'm heading, hopefully the moon
Don't know where I'm heading but I hope I get there
soon

Oh morning,
I'll be back by morning yeah
Morning, I'll be back by morning

To see the sun come up
Trees unfold
Wind keeps blowing dry
And you know that I can't help now you know
I just gotta fly when
I see the look, in your eyes
Love takes me away
And I don't know where I'm going but
I know that I will stay

Because I'm morning
Just because I'm morning, yeah
Morning
Just because I'm morning

I'm shooting through the stars tonight
Can't you see me I'm a flash of light
Don't know where I'm heading, hopefully the moon
Don't know where I'm heading but I hope I get there
soon

Oh, morning
I'll be back by morning, yeah
Morning, I'll be back by morning
