Last time I said I was in control
I had 25 debts and we both know
When you come back now
You'll see my face
I said 25 debts and we both pray

While I move away
Hard times don't come until tomorrow
These eyes don't see
Take your skin off when you listen to me
Move away
Hard times don't come until tomorrow
These eyes in me
Take your skin off when you're talkin' to me
Me...

Oh what a world that we both come in
I said hold it to the rock and let it in
Oh what a world that we are in
I said hold it to the rock and we're both in

While I move away
Hard times don't come until tomorrow
These eyes don't see
Take your skin off when you listen to me
Move away
Hard times don't come until tomorrow
These eyes don't see

Take your skin off when you're listenin' to me

Don't worry bout what might have been
Just tell your woman that you're sorry
And you jumped out of your skin
Listen closely to your motto
Don't worry bout what might have been
Tell the jury that you're sorry
And just jump out of your skin
I wanna jump out of my skin
I wanna jump out of my skin
And watch the clouds

Move away
I'm never gonna live it down
Move away
Move away
Move move move move away
Move away

Move away
Hard times don't come until tomorrow
These eyes don't see
Take your skin off when you listen to me
Move away
Hard times don't come until tomorrow
Move away
Move away
Move away
Move away
