"Holding out for something,
Dont let that something be you,
Cuz im all about the one thing,
Oh and take it the one thing and make it, it all just
come true.

You might gaze into my eyes,
Think youve seen through my disguise,
But you will never know me,
No one will ever know me

Holding onto nothing,
I chose see your colours fed to blue ???
Im all about the answer yeah ????
Through my risso is breaking and making me tell you
the truth ?????

You might gaze into my eyes,
You think youve seen through my disguise,
But you will never know me,
No one will ever know me (repeat x2)

Im at the end of my teather
I thought id get better
Get it together now (repeat x2)

You might gaze into my eyes,
you think you see through my disguise,
But you will never know me,
No one will ever know me

A cold old well resides in me
And its far too deep and dark to see
Never hear your money splash
Gold dont show up on my black
Cuz connection is a hall of truth
Like first kisses falling over you
Theres nothing underneath it all
An empty space in which to fall

You might gaze into my eyes,

You think youve seen through my disguise,
You will never know me,
No one will ever know me

You will never know me,
No one will ever know me (repeat)
You will never know me
You will never know me
