Oh no, oh no oo oo
I'm gonna be left out
I'm gonna break you
And if you only knew just how I took my time
I'm gonna take it off, I'm gonna make you
I gotta dance, gotta dance
gotta seem all right

Oh yeah and by the way I'm gonna make you cry
Eighteen with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

oh oh oh oooohhhhhh

I'm gonna see it all, I am gonna stay to
I'm wanna take it down, and make it go away
And if you see my soul, I'm gonna make you

I gotta see, I gotta see, gotta be ok

Oh yeah and by the way I'm gonna make you cry
Eighteen with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

Oh yeah and by the way I'm gonna make you cry
Eighteen with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

Eighteen with a face like that,
Kick it twice in the eye
And don't you go home to Daddy

Oh no oh no oh oo oo
Yeah ooo!
Oh no oh no oh oo oo
