It started with a low light  
Next thing I knew they ripped me from my bed  
And then they took my blood type  
It left a strange impression in my head

You know that I was hoping  
That I could leave this star-crossed world behind  
But when they cut me open  
I guess that changed my mind

And you know I might  
Have just flown too far from the floor this time  
'Cause they calling me by my name

And they're zipping white light beams  
Disregarding bombs and satellites  
And that was the turning point  
That was one lonely night

The song maker says, "It ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says, "Everybody look down"  
It's all in your mind

Well, now I'm back at home and  
I'm looking forward to this life I live  
You know it's gonna haunt me  
So hesitation to this life I give

You think you might cross over  
You're caught between the devil and the deep blue sea  
You better look it over  
Before you make that leap  
And you know I'm fine  
But I hear those voices at night  
Sometimes they justify my claim

And the public don't dwell on my transmission  
'Cause it wasn't televised  
But it was the turning point  
Oh what a lonely night

The song maker says, "It ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says, "Everybody look down"  
It's all in your mind

The song maker says, "It ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says, "Everybody look down"  
It's all in your mind

My global position systems are vocally addressed  
They say the Nile used to run from east to west  
They say the Nile used to run from east to west  
I'm fine but I hear those voices at night sometimes

The song maker says, "It ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says, "Everybody look down"  
It's all in your mind

The song maker says, "It ain't so bad"  
The dream maker's gonna make you mad  
The spaceman says, "Everybody look down"  
It's all in your mind

It's all in my mind  
It's all in my mind
