Sweet home let them go
Let them free
Sweet home let them go
And let them free

Now sweet home give me be
To many here right now
It'll never be a happy home
With it's people crying out
Gotta listen to the tales
We gotta shake off this denial
Unbury the past, turn the clocks back a while
Turn the clocks back a while
Turn the clocks back now

Sweet home let them go
Let them free
Sweet home let them go
And let them free
Sweet home now let them go
And let them free
Sweet home let them go
And let them free
Let them free [x3]

I thought even that way back then
People would understand
It's not right to pull that sorta shit
You don't steal other peoples land
Yeah it's hard to accept
What went down from then till now
All I know is we've gotta turn them
We've gotta make it right somehow
We've gotta make it right somehow
Gotta make it right now

Sweet home let them go
Let them free
Sweet home let them go
And let them free
Sweet home now let them go

And let them free
Sweet home let them go
And let them free
Let them free [x3]

You run, you ran
You gave it all away
You run, you ran
You gave it all away
You run, you ran
You gave it all away...
You run

Sweet home let them go
Let them free [x3]
