I've been noticing a trend in taxi drivers  
That don't know what I want  
I've been pulling out on my close fathers  
But I can't count them all

I feel the enjoyment  
I know the rejection causes fear  
I've been noticing a trend in taxi drivers  
That don't know what I want

I want  
I want  
Yeah  
Feel it, yeah yeah yeah... oh...  
I feel it yeah...  
Oh oh...

Since I was a little one  
I thought that the concept  
That there is more  
Sitting by myself now  
I know I can't see you anymore  
Feel the weightlessness all kicking in  
Feel you moving underneath my skin  
Since I was a little one  
Oh surely there must be more

I want,  
I want, yeah  
Feel it, yeah yeah yeah, oh, I feel it.  
Oh oh I feel it, oh oh I feel it, yeah, ohh yeah..  
Oh I feel it, oh I feel it.. oh I feel it.. yeah...

I've been noticing trends in taxi drivers  
Who don't know what I want...
