I drove through the desert last night  
I carried the weight of our last fight

Don't be cruel, and I wonder if you feel it too  
It's like we're going under  
Somewhere outside the lonely Esmeralda county line  
The question of my heart came to my mind

[Hook]  
If I go on with you by my side  
Can it be the way it was?  
When we met did you forget about those golden eyes?

Maybe a thief stole your heart  
Maybe we just drifted apart

I remember driving in my daddy's car to the airfield  
Blinking on the hood, backs against the windshield  
Back then this thing was running on momentum, love  
and trust  
That paradise is buried in the dust

[Hook]  
If I go on with you by my side  
Can it be the way it was?  
When we met did you forget about those golden eyes?

All of our plans have fallen through  
Sometimes a dream don't come true
