Do i always stress u out
And do i need to worry now
Can i can i still come up for air
Is it that i didn't kno
Or is it that i let u go
Now i didn't mean to leave u there
I heard what u said yeah i felt it in ur bed
Can i come up for air
Is it that i didn't know
Or is it cos i let u go
Now i didn't mean to take it there
Do i always stress u out
Do i need to worry now
Can i still come up for air
Cos i heard what u said
Yeah i felt it in ur bed
Can i come up for air
Well im so sorry now
But i have more to me
Yeah i try to take u down
Cos i have more to c
Well im so sorry now
That i have more to me
Well i try to take u down
Do i always stress u out and
Do i need to worry now
Can i still come up for air...
