Who let you go?

I feel it inside, down in my soul

And I just can't hide these things I know

We could be friends

And I promise that it won't go bad

But hopefully this story ends

But you ain't got nothing I never had

So let's take it slow

Who let you go?

Who let you go?

Who let you go?

Who let you go?

Someone must have loved you

Not the way that I do

You're missing what I'm trying to say

Ain't nothing getting in my way

So tell me that's fantastic

And promise me, you'll always try

I find it so romantic

When you look into my beautiful eyes

And lose control

Who let you go?

I don't know what it means But I've been wondering Who let you go?

And honey, when you walk my way It makes me wanna say Ohhhh
