You try to be
Try to feel
Try to let go
Try to be real, it was good
Yeah I had fun
For a little while there
Thought you were the one

Say what you wanna say, what you wanna say
Say what you wanna say, what you wanna say
Can I come around
Say what you wanna say, what you wanna say
what you wanna say, say it to me
Can I come around

You try to be
Try to feel
Try to let go
Try to be real, and it was good
Yeah I had fun
For a little while
But you were the one

Say what you wanna say, what you wanna say
Say what you wanna say, what you wanna say

Can I come around
Say what you wanna say, what you wanna say
what you wanna say, say it to me
Can I come
Can I come around [x6]

Hold me tight through the after glow,
Is right through the after for me
Hold me tight through the after glow,
Is right through the after for me
For me, for me, for me

Why don't you say what you mean
Just say what you mean
Why don't you say what you mean
Just say what you mean

Why don't you say what you mean
Just say what you mean
Why don't you say what you mean
