Black mascara smudges your face  
You sit in your grassy place  
The grass is, oh, so greener on the other side  
But then I wonder why

It's never gonna be that way  
'Cause you got a pretty face  
Not gonna be one of those girls  
Don't wanna live in that world

Does popularity come with a make-up case?  
Just think of all the time you waste  
See the sporties get their prizes  
As we hide in the faculties demises

It's never gonna be that way  
'Cause you got a pretty face  
Not gonna be one of those girls  
Don't wanna live, don't wanna live  
Don't wanna live

It's never gonna be that way  
'Cause you got a pretty face  
Not gonna be one of those girls  
Don't wanna live, don't wanna live  
Don't wanna live, don't wanna live

It's never gonna be that way  
'Cause you got a pretty face  
Not gonna be one of those girls  
Don't wanna live in that world
