"Rosemary Taste The Sky"

Visit "[Rosemary Taste The Sky](#)" on MotoLyrics.com

Judgement ground

Overdrive of sympathy

Withdraw the rats from the beast

...Onto therapy

Obsession leaves you weak

Still you're the beauty we all seek

Rainy days will pass on by

Rosemary taste the sky

A widow of belief

Still your morning sense no grief

Rainy days will pass on by

Rosemary taste the sky

Mirror of a twisted fate

Slide into...

A whisper from an opium dream

Just for you
