You

You wake up to a new day
Forwards

We move towards a new way oh

Come with me

Gather with your torches

Singing

Dance by ??night we all are strong??

A new day....oh, a new day

A new way...oh, a new way

Somewhere the sun shines in the east

A new day....oh, a new day

Touch me

Tell me I'm still human

and wild

We'll run until we run ??run long??

Our bodies talk, words are lost

Hand in hand we follow
All around

A man becomes the people

A new day....oh, a new day

Somewhere the sun shines in the east
A new way...oh, a new way

A new day....oh, a new day

You
You caught me in your spell

Hypnotized

You touched me and now I'm ??gone??

Conflict

Every day the same
Wishing

Wishing we could see the way

A new day....oh, a new day

A new way...oh, a new way

A new day....oh, a new day
Somewhere the sun shines in the east

We watch the sun rise in the east

A new day....oh, a new day

A new day....oh, a new day
A new day....oh, a new day

A new day....oh, a new day
