rise from my unconscious let it rise
get it out get it out get it out
behind the illusion of reality
are forces that speak to me
we will draw them out
we will cast them out
drink wines that foam
watch the ugliness rise
watch it bubble to the surface
let it out let it rise
all the hate all the hate
i saw you
you just wanted to take a razor and cut his face until it
bled
you wanted to inflict
i saw the barbed hooks penetrate deep into the side of
his flesh
get it out
let it rise
let it rise let it bubble to the surface
get it out
all desires that are undeclared

all resentments [their mockeries will show]
bulging eyes the animal soul begins to rise
let it out
get it out
let it rise - let the images rise
let it rise - let it bubble to the surface
get it out - get it out - get it out now
let it rise to the surface - let it rise - let it rise - guilt
all your guilt and the pain and the hurt you cause
all the tears in the child's face
all resentment undeclared
let it rise
let it rise let it bubble to the surface
clean it up - clean it up
cover yourself with water
wash it away, that's right, wash it away
wash it all away, wash away the tears
