Silent weapons for a quiet war

Under my skin, getting under my skin
All systems go
Security clause, passing of laws
Reality

Silence in the air, silence in the air
Acceptance
Information from birth
Animals are first then man

Silent weapons for a quiet war

ID not free for me
You can't escape implant
Implant to the next step
You don't want to protect
You just want to fucking control

Know my DNA, know my DNA
My structure
Know the movements of my day
Know the movements of my day
And haunts

Hypnotize, hypnotize
Acclimatise
Fingers in control, fingers in control
[Incomprehensible]

Silent weapons for a quiet war

ID not free nor me
You can't escape implant
Everything is under control

Deep below the ground
Deep below the ground
Blasphemies
Deep below the ground
Deep below the ground

Hybrids

Hypnotize, hypnotize

Acclimatise

Hypnotize, hypnotize

Acclimatise

Silent weapons for a silent war

ID not free nor me

You can't escape implant

Tear up your ID cards

And stick your implant up your ass

You just want to fucking control
