Time means nothing
Time means nothing to me anymore
Time means nothing
Time means nothing to me anymore

Twenty years ago
Twenty years ago and yesterday
Twenty years ago
Twenty years ago and yesterday

All the same to me
You're all the same to me
Yes all the same
Twenty years ago and yesterday

I shut my eyes a second ago
And I was only eight years old
Lying on my back in the sun
Listening to the sound of children playing

And I remember all my thoughts
Thinking how beautiful life was
So wonderful to be young, so beautiful to be young
Remembering how, how to be young

One by one, all my friends died
And my body decayed
One by one, all my friends died
And my body decayed

Time means nothing
Time means nothing to me anymore

I close my eyes, I was learning
A lesson somewhere else
I shut my eyes, I was learning
A lesson somewhere else

Time means nothing
Time means nothing to me anymore

Slipstream

Slipstream
Slipstream
Slipstream

Time means nothing
Time means nothing to me anymore
Time means nothing
Time means nothing to me anymore

Time means nothing
Time means nothing to me anymore
Time means nothing
Time means nothing to me anymore

Time means nothing
Time means nothing to me anymore
Time means nothing
Time means nothing to me anymore
