Province, state and country  
The great divide has come  
Ten percent shall prosper  
To them the kingdom come

I can see trends behind trends  
I can see

Jack has bought a business  
Pete inherits home  
Jill has got a trust fund  
They've all been buying fun

I can see trends behind trends  
I can see  
Stay one jump ahead

Jack's alright he's a predator  
He'll give you three good reasons that'll change your  
mind

1) You can't afford the B.U.P.A. health scheme  
So when you get sick you're going to die

2) You can't afford to buy your own property  
So when the rent goes up then you're on the street

3) You can't afford the bills and pills you need  
You've got to get them cause they're going to get you

Anger is your friend now, resentment is the key  
Patience as a virtue so be accessory  
Or you can always be a victim  
A victim of the circumstance if you like?  
Stay one jump ahead

-----  
Extended mix

Province, state and county  
The great divide has come  
Ten percent shall prosper

To them the kingdom come

I can see trends behind trends  
I can see

Jack has bought a business  
Pete inherits home  
Jill has got a trust fund  
They've all been buying fun

I can see trends behind trends  
I can see  
Stay one jump ahead

The Whitehouse played the game their own way  
Their foreign policies gave me the shits  
I didn't understand until I read  
St. John's account of Apocalypse

American heroes Colonel Oliver North  
Everybody says he was just doing his job  
Arms for the hostages, it's plain to see  
Why the very next day they bombed Tripoli

Terrorists were everywhere  
Blowing Greenpeace ships right in the air  
Wall Street crashed and the hurricane  
Tore the trees from their roots, derailed the trains

London town ground to a halt  
And everybody said it wasn't our fault

Weather goes crazy  
Nature goes crazy  
Man goes crazy  
Nature goes crazy  
Stay one jump ahead

Incredible induction of such awesome energy  
The sound satisfaction signify Geordie celebrity  
Taking the guitar playing like he's a killer  
He doesn't really matter cos you know he's gonna bill  
up  
All the sound resounding into your brain  
You know so you can never run away he's pumping like  
a train

Chiffity Chaff

I'm going down the track  
I can do as I feel cos he never takes the slack

The rhythm that's riding is taking you much further  
The posse in the house yo they say I'm Kruger  
Murder that they give you will tak you on down  
Because he is the boss of the guitar sound

Anger is your friend now, resentment is the key  
Patience as a virtue so be accessary  
Or you can always be a victim  
A victim of the circumstance if you like?  
Stay one jump ahead
