leave my body lose myself  
leave this planet and leave this hell  
born in the east die in the west  
i never rest i never rest - whiteout  
backwards backwards lose all time  
intellect made us blind  
analysis paralysis  
analysis paralysis - whiteout  
hear dog bark don't ask me why  
be born grow old with grace and die  
salmon leap sower reap  
as crow flies so heat rise - whiteout  
need to fill drink this wine  
knock back the juice see the signs  
leave my body lose myself  
leave this planet leave this hell - whiteout
