leave my body lose myself
leave this planet and leave this hell
born in the east die in the west
i never rest i never rest - whiteout
backwards backwards lose all time
intellect made us blind
analysis paralysis
analysis paralysis - whiteout
hear dog bark don't ask me why

be born grow old with grace and die
salmon leap sower reap
as crow flies so heat rise - whiteout
need to fill drink this wine
knock back the juice see the signs
leave my body lose myself
leave this planet leave this hell - whiteout
