I try so hard to make you mine but it's so hard  
You said that you just wanted  
Me and I'm not sure

But you don't care you make me so down  
Don't try to hide with everything we got  
So I'll take my time to get you now  
I know you'll never understand

I'll take my time to get you now  
I know you'll never understand

You take your way when everything feel's wrong  
Tonight will never end, just let it go  
You take your way when everything feel's wrong  
Tonight will never end

I took a change  
I took a fall yes I was blind  
And now I see everything was gone, just let it go

But you don't care you make me so down  
Don't try to hide with everything we got  
So I'll take my time to get you now  
I know you'll never understand

I'll take my time to get you now  
I know you'll never understand

You take your way when everything feel's wrong  
Tonight will never end, just let it go  
You take your way when everything feel's wrong  
Tonight will never end

Just let it go I tell you now  
Just walk away and don't look back  
Just let it go I tell you now  
Just walk away and don't look back

You take your way when everything feel's wrong  
Tonight will never end, just let it go  
You take your way when everything feel's wrong

Tonight will never end

You take your way when everything feel's wrong

Tonight will never end, just let it go

You take your way when everything feel's wrong

Tonight will never end
