[For the last time]
You waste my tears now, no more torment
But don't just say u've gone away

You tell a fuckin' tale
(Swallow me and spit me out)
How do I get trough of this?
(I can't stand it anymore)

[Can, you, see, me...]
Smiling when I sing this song
[Right, now...]
I just want to be alive

[You know I was dying when you told me]
That I'm not yours anymore
[You know I was dying when you told me]
You're just playing and fooling around with me

Reff:
When the time she comes and wakes me
[She comes and wakes me]
And when she bit my lips and kissed me there
And when she holds my hand and lives my life tonight
[Live tonight]
When she said that she really loves me
Were the worst fucking days

[I'm dying and bleeding of my past]
[I'm dying and bleeding of my past]
[Now slit my throat and let me bleed]
[Now slit my throat and let me bleed]

[Can, you, see, me...]
Smiling when I sing this song
[Right, now...]
I just want to be alive

[You know I was dying when you told me]
That I'm not yours anymore
[You know I was dying when you told me]
You're just playing and fooling around with me

Reff:

When the time she comes and wakes me
[She comes and wakes me]
And when she bit my lips and kissed me there
And when she holds my hand and lives my life tonight
[Live tonight]
When she said that she really loves me...

But suddenly you came to me, and begged me to be
yours again
Right now you're holding my hand and said, but sorry
baby, but all I can say is
[No, hell no...]

Can you see the times grows older she blew my
dreams away...
It's all done, the time is over...
I don't know how to say to you...

Can you see the times grows older she blew my
dreams away...
It's all done, the time is over...
I don't know how to say...

Now... It's All done... No more Torment...
