Do not think to punish will be your protection
Or that the crown will save your head...

No matter where I go, your always there
'Cause no matter where I sit man, I sit in fear
A Marshall law has taken effect,
They stole the right to be defiant, while we're turning
our heads.
The informed citizen became un-American,
For reading a book instead of watching the television.
Supporting peace and not the president.
Rather die on the cross than for a fucking republican.
Speaks about sacrifice, National honor,
Take one for the team, man just do what you're
ordered.
Well I won't go out like that. Don't care what you say.
Bet that ass would think different if you're at the draft
age.

A.M.E.R.I.K.A. (Watching You)
A.M.E.R.I.K.A. (Best start watching Me)

The simple fact remains, that it's more than just me.
There's a whole generation taking over the streets.
Ready to smash back the system that made our lives
useless.
Masses think you're Jesus, but we know that you're
Judas.
Slaving us out, hate all the bosses.
Put in all the work, but you make all the profits.
No more bullshit talk, reform is just retarded,
Start a revolution, get the party started.
