Who knows how long, I've been lost in the dark
Followed closely by the footsteps of my failures
What can I do, to alter my perception,
Of the way and the truth?

Let this burden drift away

Who knows how long, the void has swallowed me
I only wish for nothing more than peace to find me
How can this be? We've come so far
To let their words destroy our grand design

Let this burden drift away
My pledge remains faithful to you

And my heart still beats your name

Drowning once again
Will I live another day
To reach the surface
Let this burden drift away

Drowning once again
Will I live another day
To reach the surface
Let this burden drift away

Drowning,
Choking,
Fading,
LIFE!!

Is this the moment where I leave the blackness
Is this the moment of my
Rebirth?!

Who knows how long, I've been lost in the dark
Followed closely by the footsteps of my failures
What can I do, to alter my perception,
Of the way and the truth?

Drowning once again
Will I live another day
To reach the surface
Let this burden drift away

Drowning again
Reach the surface
Let it drift away
