(Breathe me in)
(Breathe me in)

Torn disbelieving separation
I close my eyes to see you

This is for you,
Everything I am
This is for you,
Take it from me

Torn disbelieving separation
I close my eyes
But there is no escaping
This

This is for you,
Everything I am
This is for you,
Take it from me

In your arms in your soul
I will be rejuvenation

Breathe me in (I'm forever)
Deep within (I'm eternal)
Breathe me in (I'm forever)
Deep within (I'm eternal)

I will return to you

I am with you always
And I will never turn away

Breathe me in (I'm forever)
Deep within (I'm eternal)
Breathe me in (I'm forever)
Deep within (I'm eternal)
