(Verse)

Stand back to see the vision
So dance in all of our minds
The skin becomes illusion
Suppose we don't

And I fall behind
The weakness of flesh
Is to settle for less
Then we're all gone
Potential to be
Son of the shining gold

(Chorus)

There is a fire
Within her eyes
Right in my senses
Now I've been searching
For her beyond flames

(Verse)

What dancers come to ruin
Where is the power
The night draws without
Speaking of something
To get me corrupted
I change
We reveal beyond the flame

(Chorus)

We darken raise
We suffocate
Sucking my senses
Now I am searching
For her beyond flames

There is a fire
Within her eyes
Right in my senses
Now I've been searching
For her beyond flames

(Verse)

Now it's just a touch
Then she feels a rush
A dark seduction
We'll suffocate

(Chorus)

We darken raise
We suffocate
Sucking my senses
Now I am searching
For her beyond flames

There is a fire
Within her eyes
Right in my senses
Now I've been searching
For her beyond flames
