Breathe, breathe in
Breathe, breathe in

Torn disbelieving separation
I close my eyes to see you
This is for you, everything I am
This is for you, take it from me

Torn disbelieving separation
I close my eyes but there is no escaping this
This is for you, everything I am
This is for you, take it from me

In your arms, in your soul
I will be rejuvenation

Breathe, breathe in
(I'm forever)
Breathe, breathe in
(I'm eternal)
Breathe, breathe in
(I'm forever)
Breathe, breathe in
(I'm eternal)

I will return to you, I, I am with you always
And I will never turn away from you

Breathe, breathe in
(I'm forever)
Breathe, breathe in
(I'm eternal)
Breathe, breathe in
(I'm forever)
Breathe, breathe in
(I'm eternal)
