Visit "[Irreversal](#)" on MotoLyrics.com

Look behind what lies on the surface
Rituals to read the signs
Signify the life I leave behind
Behind, behind, lies

I am not alone something greater than I
I am not alone something greater than I

Set me free
Release me
Embrace me
Cleanse me

Rituals to read the signs
Signify the life I leave behind
Behind, behind

I am not alone something greater than I
I am not alone something greater than I

Set me free
Release me
Embrace me
Cleanse me

Outstretched arms to welcome the sacrifice of this
body
Outstretched arms to welcome the sacrifice of this
body

Look behind what lies on the surface
Humbled soul to reveal a purpose
